Hi folks,
It looks like Friday the 26th is a preferred day for connecting with USAID on the air quality and health issue (will also forward email from Collin Green). Would that work for you all....I can probably come in for this.
Ted

Dear Ted,
You mentioned that it might be useful for EPA and USAID to meet prior to the WHO Conference. I have cc'ed by USAID colleagues on this email to keep them informed.

Lucy will be out of the office on TDY.
Priya is located at the USAID/India Mission.

I can meet you and your EPA colleagues in the RRB on Friday, Oct 26th, between 12-2pm, if that can work in your schedules. Otherwise, I am at the Crystal City location of USAID.

Collin, I will leave you to provide your availability.

Ted, please let me know if this would be a useful meeting. Even a 10 minute "hello" is sometimes useful prior to trying to meet at large venue.

Helen
